## Professional Summary

Aspiring Data Scientist and AI Engineer with a strong foundation in Computer Applications. Experienced in building end-to-end Machine Learning pipelines, from data preprocessing to model deployment using Python and Django. Proven ability to apply algorithms like Random Forest to solve real-world problems. Passionate about leveraging Deep Learning, NLP, and Data Analytics to drive actionable insights.

## Technical Skills

- **Prompt Engineering:** GPT Prompt Design, Zero/One/Few-Shot Prompting, Instruction Tuning
- **AI & NLP:** ChatGPT, LLMs, Text Generation, Prompt Optimization, Model Output Evaluation
- **AI/ML & Data Science:** Machine Learning, Deep Learning, NLP, Random Forest, Data Analytics
- **Programming:** Python, C#, Java, PHP, SQL, C, C++, VB.NET
- **Frameworks:** Django (Python), Flask, ASP.NET, Angular
- **Databases:** SQL Server (T-SQL), MySQL, SQLite, PostreSQL
- **Tools & Platforms:** VS Code, Visual Studio, SSMS, Git/GitHub, Android Studio

## Education

- **Master of Computer Applications** **Aug 2024 - Present**
  - P.G. Department of Computer Science & Technology, Sardar Patel University, Vallabh Vidyanagar.
- **Bachelor of Computer Applications** **June 2021 - April 2024**
  - *Anand Commerce College*, *Sardar Patel University, Vallabh Vidyanagar*
  - Key Achievement: Secured 9.05/10.00 CGPA (First Class with 'O' Grade)

## Technical Projects

- **Online Job Portal | *ASP.NET, C#, SQL Server***
  - Engineered a secure, high-performance Job Portal using ASP.NET and C#, featuring Role-Based Access Control, a comprehensive Applicant Tracking System (ATS), and advanced administrative reporting tools.
  - **GitHub Repository:** Online Job Portal
- **AI AgriYield Predictor | *Python, Django, Machine Learning, Pandas, Bootstrap 5***
  - Engineered a Django & Random Forest based yield forecasting system during the Infosys Springboard Internship, solving static dataset limitations with smart biological constraint logic for 15+ crops.
  - **GitHub Repository:** AI AgriYield Predictor

## Internship Experience

- **Infosys Springboard | AI/ML Intern** **Nov 2025 - Jan 2026**
  - Developed 'AI AgriYield Predictor', a machine learning web app using Django and Random Forest.
  - Engineered custom algorithms to fix dataset inconsistencies, achieving realistic yield forecasting (in Kilo tonnes) for 15+ crop varieties.

## Certifications & Training

- **Virtual Job Simulations (Forage):**
  - Software Engineering (Accenture), Data Analytics (Deloitte), Cybersecurity (Tata Group), Advanced Software Engineering (Walmart), Risk (Goldman Sachs).
- **AI & Data Science:**
  - AI, Deep Learning & Data Science (Infosys Springboard)
  - Introduction to Machine Learning (Kaggle)
